Public Speaking

Lecture 16: Significance of Citations in Public Speaking

Prof. Binod Mishra

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

What is Citation?

- ❖ According to Merriam-Webster Dictionary, the word *citation* implies “an act of quoting”.
- ❖ However, citation does not merely include quoting excerpts or statements when it comes to public speaking.
- ❖ Rather, it also includes verbally acknowledging someone’s idea, work, contributions, findings, report, etc.
- ❖ It is an ethical duty for a speaker to provide the audience with access to the source in any form of presentation medium.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#).

Oral Citation vs Written Citation

Oral Citation	Written Citation
1. Source should be fully cited with reference to the author's name, title and date of the source—following the quotation or paraphrase employed during public speaking.	1. In-text citation is usually included, within the body of the written report. Full-length citations are usually attached only at the end of the document.
2. Example: Stephen Lucas in the tenth edition of his book <i>The Art of Public Speaking</i> published in the year 2008 speaks of the redundancy of saying statements like “As I found on the Web (or) According to the Internet”.	2. Example: Public speakers usually refrain from citing sources as referring to be borrowed from a larger and unreliable domain like the Web or Internet. (Lucas 41) – In-text citation MLA Style Full citation: Lucas, Stephen. <i>The Art of Public Speaking</i>. McGraw-Hill Education, 2008, p. 41.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC](#)

Be a/an (In)Credible Speaker

- ❖ In the first week's lecture on public speaking and ethics, we discussed the importance of ethics in carrying the message of the speaker.
- ❖ The evidential support from authentic sources would boost their own unique message uttered in public speaking.
- ❖ An experienced speaker would show themselves as different from ordinary speakers by equipping credible sources for supporting their delivery.
- ❖ Thus, a public speaker is entitled to trace out the authenticity of sources mentioned through means of “oral citations”.

Creating Credibility

- ❖ While delivering the speech, the speaker is bound to orally cite the sources from which s/he is quoting (or) rephrasing.
- ❖ Unlike in writing, the oral citation as a task demands memory retention of the speaker.
- ❖ Oral citation gives a strong outlook and support to the speaker - giving them a credible and reliable image amongst listeners.
- ❖ The value of credibility does not just add on to the speaker but also to the topic of concern and keep listeners interested and intuitive.

Why Cite Orally?

- To put it in simple terms, to avoid plagiarism and generate reliability.
- A public speaker cannot speak everything out of their original thoughts.
- Most of the time, public speaking as an event, addresses an issue of pressing concern.
- Given such a situation, a proper background research on the topic becomes necessary.
- The information gathered from these sources should be cited properly as a reference to audience.

Preparing Oral Citations

- Employing oral citation in speech provides an outlook amongst audience that the speaker has researched well on the topic.
 - Prepare a full reference list of works consulted and referred for your public speaking event.
 - The reference list will be helpful when audience raises doubts or questions.
 - If using visual aids, prepare few slides of written citation in a proper format.

What is Cited Orally?

- Employing oral citation in speech provides an outlook amongst audience that the speaker has researched well on the topic.
- Following is the common list of data which are cited orally:
 - Quotes
 - Statistics
 - Research Findings
 - Survey Reports
 - Laws and Regulations
 - Government Orders (G.O.)

“Truth isn’t always beauty, but the hunger for it is.” —Nadine Gordimer

Those moments you fail are not the end, they are periods in which you recollect thoughts, ideas, and ambitions, and change direction.
-Benjamin Chapin, Think Positive: Guide to Positive Thinking

Quoting

In public speaking, whenever a speaker quotes words of importance from prominent speakers of the past, the speaker of concern is ethically obligated to cite the owner of the original quote.

[This Photo](#) by Unknown Author is licensed under [CC BY-SA](#)

How to Quote with Oral Citations?

- When a speaker quotes, s/he quotes that particular statement word-for-word.
- Thus, a speaker is supposed to cite the source particularly as follows:

For example: If the quote is from A.P.J Abdul Kalam's biography titled *Wings of Fire* claiming **"We are all born with a divine fire in us"**, then a public speaker shall use it as follows:

1. In the book *Wings of Fire*, A.P.J Abdul Kalam has said [quote]
(OR)
1. As AP.J. Abdul Kalam said that [quote] in his biography *Wings of Fire*.

Paraphrasing

- Similar to quoting, when a public speaker uses ideas of another person but rephrases it in his own words then it is called as **paraphrasing**.
- Paraphrasing is a common tool employed by prominent speakers.
- It also has an advantage over quoting, i.e. one does not have to remember the line word for word by heart.
- One can even add their own style and humor while paraphrasing the borrowed ideas.

How to Paraphrase with Oral Citations?

Example:

If one is referring to this particular point **“Each minute of speaking time requires one to two hours of preparation time—perhaps more, depending on the amount of research needed.”** (Lucas 12)

One shall paraphrase and orally cite it as,

“Stephen Lucas emphasizes on the need for intense background research and hours of preparation before final presentation in the first chapter of his book *The Art of Public Speaking*”

Things to include in Oral Citations

A public speaker should address three major questions of **(who, what, when)** regarding the borrowed source to the listeners.

Who

Name of the Author along with the credentials.

- In 2009 issue of *Communication Skills for Engineers and Scientists*, **Binod Mishra** and **Sangeetha Sharma** addressed various areas of communication bordering on Indian situations.

What

Title/ Event

- In 2009 issue of ***Communication Skills for Engineers and Scientists***, Binod Mishra and Sangeetha Sharma addressed various areas of communication bordering on Indian situations.

When

Date of Publication/ Utterance

- In **2009** issue of *Communication Skills for Engineers and Scientists*, Binod Mishra and Sangeetha Sharma addressed various areas of communication bordering on Indian situations.

Cautions while Oral Citations

- Do not give a general source of information such as the Internet, library etc.
 - Never use “According to the [Internet]” as a catchphrase for oral citations.
- Do not orally state page number, web address type of details.
- Avoid repetitive usage of full oral citations.
 - After the first complete oral citation, it would suffice to mention the name of the author only.
- Never read the complete written citation word-for-word during public speaking.

“Credibility is a leader’s currency!”

- John Maxwell

"The smallest seed of faith is better than the
largest fruit of happiness." - Henry David
Thoreau

Public Speaking

Lecture 17: Digression- Uses and Concerns

Prof. Binod Mishra

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

**“Attention is the
currency of
persuasion.”**

- Aristotle

This Photo by Unknown Author is licensed under [CC BY-SA-NC](https://creativecommons.org/licenses/by-sa/4.0/)

What is Digression?

- ❑ Merriam Webster defines Digression “as the act or an instance of leaving the main subject in an extended written or verbal expression of thought : the act or an instance of digressing in a discourse or other usually organized literary work”.
- ❑ Digressions are instances when the speaker moves away from the decided topic. This usually happens only for a short period of time.
- ❑ It is different from distraction.

This Photo by Unknown Author is licensed under [CC BY-NC-ND](#)

Attention vs Digression

ATTENTION

The prime component of any successful act of public speaking is the speaker's **skill to capture and hold the audience throughout the speech delivery.**

However, one can never keep the audience engaged with facts alone. In order to grab their attention, the **speaker must include relevant digressions** during communication.

So, digression is a way of grabbing attention and refreshing the audience and should be incorporated during speech delivery.

This Photo by Unknown Author is licensed under [CC BY-SA](#)

Distraction is not Digression

Distraction, during any speech delivery, is not digression but nuisance that one must avoid at all costs. Some of the distractions are:

- ☐ Use of slang
- ☐ Use of jargons
- ☐ Fidgeting and fiddling
- ☐ Continuous repetition
- ☐ Excessive use of speaker notes

Continued...

- ☐ Pacing the floor (the caged tiger syndrome)
- ☐ Use of complicated language
- ☐ Excessive use of visual aids
- ☐ Use of passive sentences
- ☐ Use of weasel word
- ☐ Wearing inappropriate clothing

Why is Digression Inevitable?

- ❑ Any public speech is live and spontaneous.
- ❑ It cannot be edited like any piece of writing.
- ❑ The speaker aims at keeping the audience's attention intact.
- ❑ The speaker usually digresses and gives a personal anecdote in order to reinforce a point.

[This Photo](#) by Unknown Author is licensed under [CC BY](#)

Importance of Digression

- ❑ Digressions are employed by the speaker to create a surprise effect.
- ❑ They are not part of the overall course of the speech.
- ❑ They help the speaker to develop a relationship with the audience.
- ❑ A speaker uses digressions to introduce additional information.
- ❑ Digressions are capable of fetching new layers to the speech.

Continued...

- ☐ Digressions make the speech more captivating.
- ☐ Lower pitch is usually employed to deliver.
- ☐ The speech might turn out to be more colloquial because the speaker is digressing.

Digression is the soul of wit. Take the philosophic asides away from Dante, Milton or Hamlet's father's ghost and what stays is dry bones.

-Ray Bradbury

Kinds of Digression

Digressions that
are simple fillers

Little digressions
that makes sense
only at the end

Digressions that
make the public
laugh but without
changing the main
message

Digressions and Associated Concerns

Digressions can be extremely distracting if not checked. One can get easily get carried away while speaking and lose track of the original idea. While giving personal touch, one should always keep in mind that it is all for the audience.

Keeping Digressions in Check

- ☐ Analysis of speech is very essential.
- ☐ One should make sure that the original thought is intact in the delivery.
- ☐ One should try to analyse the purpose of the digression.
- ☐ Digression must be short-lived.
- ☐ Use of Voice Modulation is essential in order to depict hierarchy of the ideas.

Literary Example of Digression

J. D. Salinger's novel *The Catcher in the Rye* is rich with digression.

There are numerous instances when Holden Caulfield's thought patterns seem to derail from the main topic. However, these digressions later fit the missing pieces for gaining insight into the protagonist.

[This Photo](#) by Unknown

[BY-SA](#)

Do Audiences also digress?

- ❖ Audiences have the qualities of a crowd
- ❖ Their minds wander constantly
- ❖ Audiences move faster than the speaker's
- ❖ They have spare capacity and they often daydream

Gaining Attention

- ✓ Arouse questing interest
- ✓ Vary the input
- ✓ Utilize the speed and volume of voice
- ✓ Provide breaks and alterations
- ✓ As speaker, be sensitive to the audience's mood

Variety
Length of time
Time of day
Arousal
Motivation

Arousal tactics

- ❖ Share audiences' needs and interests
- ❖ Ensure their security
- ❖ Empathize with your audience
- ❖ Ensure enthusiasm

“Nothing is more to the point
than a good digression.”
— Ralph Caplan

Public Speaking

Lecture 18- Forms and Stages of Public Speaking Part-1

Prof. Binod Mishra

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

Oral Tradition

- ❑ Oral tradition has been the most archaic mode of human communication.
- ❑ It is dynamic in nature.
- ❑ It is an extremely diverse oral-aural medium for transmitting thoughts, ideas, culture, art, narratives, and legacies.
- ❑ It is one of the earliest modes of public speaking.

[This Photo](#) by Unknown Author is licensed under [CC BY](#)

Public Speaking and Stage

[This Photo](#) by Unknown Author is licensed under [CC BY-ND](#)

- ❑ Be it for entertainment or persuasion, public speaking has been locomotive in bringing change since its inception.
- ❑ In ancient times, there were amphitheaters (as shown in the picture beside) where people would gather for everything- performances, speeches, information, etc.

Genesis of Public Speaking in Greece

- ❑ The known facts depict that Greek society greatly relied on oral expressions.
- ❑ They delivered epideictic (to praise or blame someone) speeches.
- ❑ They extensively practised rhetoric.
- ❑ They constantly evolved their governing structures with the use of public speaking.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Genesis of Public Speaking in Rome

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

- Oratory was treated as an elementary skill and was taught to every boy in Rome.
- Roman citizens were mostly expected to speak in public in their life span. Either they opined, or they took part in meetings, but almost everybody spoke in a public gathering.

Shruti Tradition in India

- Oral tradition has existed in the Indian subcontinent since time immemorial.
- Shruti Parampara (learning through hearing) flourished in cultural, spiritual, and social life.
- The ancient Tamil classic, Thiruvalluvar's *Kural*, contains two chapters on the virtues of good speech.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Indic Knowledge Tradition

- ❑ Shruti and Smriti Literatures
- ❑ The Vedas and The Upanishads
- ❑ Vedic Mantras are *nitya*(Eternal and *apauresheya*, not created by humans)

Shushrut
Pythagorean
theorem
Algorithm
Panini

Contd...

In chapter two of *Kural* titled “Power in Speech,” Thiruvalluvar writes,

“A tongue that rightly speaks the right is greatest gain,
It stands alone midst goodly things that men obtain.”

The possession of that goodness which is called the goodness of speech is (even to others) better than any other goodness.

“Since gain and loss in life on speech depend,
From careless slip in speech thyself defend.”

Since (both) wealth and evil result from (their) speech, ministers should most carefully guard themselves against faultiness therein.

(Pope et al.)

Continued...

“’Tis speech that spell-bound holds the listening ear,
While those who have not heard desire to hear.”

The (minister's) speech is that which seeks (to express) elements as bind his friends (to himself) and is so delivered as to make even his enemies desire (his friendship).

“Speak words adapted well to various hearers' state;
No higher virtue lives, no gain more surely great.”

Understand the qualities (of your hearers) and (then) make your speech; for superior to it, there is neither virtue nor wealth.

(Pope et al.)

As Priyadarshi Dutta mentions in his book titled *The Microphone Men: How Orators Created A Modern India*, in Ancient Greece,

- Speech was commonly abusive, rude, loud, and scornful.

For Indians:

- Speech should be devoid of falsehood, rudeness, or dissension.

[This Photo](#) by Unknown Author is licensed under [CC BY-SA](#)

Public Speaking and Politics

- ❑ As expressed by Israeli politician Yitzhak Shamir, “the will of people is resolved by a strong leadership. Even in a democratic society, events depend on a strong leadership with a strong power of persuasion, and not on the opinion of the masses.”
- ❑ Public Speaking has been the driving force for many rulers, politicians, monarchs like Solon, Hitler, Mussolini, Indira Gandhi, Obama, Modi, so on and so forth.
- ❑ There are several popular political speeches that are still heard and oft quoted.

[This Photo](#) by Unknown Author is licensed under [CC BY](#)

Cassius' Speech in *Julius Caesar*

"Why, man, he doth bestride the narrow world
Like a Colossus, and we petty men
Walk under his huge legs and peep about
To find ourselves dishonourable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings.
Brutus and Caesar: what should be in that 'Caesar'?
Why should that name be sounded more than yours?
Write them together, yours is as fair a name;
Sound them, it doth become the mouth as well;
Weigh them, it is as heavy; conjure with 'em,
Brutus will start a spirit as soon as Caesar.

Now, in the names of all the gods at once,
Upon what meat doth this our Caesar feed
That he is grown so great? Age, thou art shamed!
Rome, thou hast lost the breed of noble bloods!" (I,ii,135-151)

Popular Political Speeches

"Long years ago we made a tryst with destiny, and now the time comes when we shall redeem our pledge, not wholly or in full measure, but very substantially. At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom. A moment comes, which comes but rarely in history, when we step out from the old to new, when an age ends, and when the soul of a nation, long suppressed, finds utterance..."

I have a
Dream by
**Martin Luther
King, Jr.**

I have a dream that one day this nation will rise up and live out the true meaning of its creed: "We hold these truths to be self-evident, that all men are created equal."

I have a dream that one day on the red hills of Georgia, the sons of former slaves and the sons of former slave owners will be able to sit down together at the table of brotherhood.

Women's
Rights Are
Human Rights
by **Hillary
Clinton**

If there is one message that echoes forth from this conference, it is that human rights are women's rights - and women's rights are human rights. Let us not forget that among those rights are the right to speak freely - and the right to be heard. Women must enjoy the right to participate fully in the social and political lives of their countries if we want freedom and democracy to thrive and endure.

Tryst with
Destiny by
**Jawaharlal
Nehru**

Spreading Awareness through Public Speaking

- ❑ Public speaking has always been a mode of communicating awareness to a greater audience. With its tools of persuasion and effective communication, one can spread important messages, amplify social awareness. There are several initiatives all over the globe that have been diligent in creating mass awareness.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Public Speaking and Literature

- ❑ Dramas
 - ✓ A rich mode of performance in Public Speaking
 - ✓ A medium enabling speakers to put stories into action
 - ✓ Teachings of ancient heroes helpful in creating awareness and distinguishing good from evil
- ❑ In Europe and Greece, dramas had a religious origin.
- ❑ Characters were drawn from the *New Testament*.

Vernacular Plays in European Middle Ages

```
graph TD; A[Vernacular Plays in European Middle Ages] --- B[Miracle Plays]; A --- C[Mystery Plays]; A --- D[Morality Plays];
```

Miracle Plays

Mystery Plays

Morality Plays

Miracle Plays

- ❑ Depicted martyrdom of saint
- ❑ It could be either a real or fictional account
- ❑ Developed in the 10th and 11th century
- ❑ By the 13th century, it comprised unecclesiastical elements as well

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Mystery Plays

- ❑ Mystery(*mystere*)- scenes from the life of Christ or stories from the *Old Testament* , *Man's creation, Fall and Redemption*
- ❑ It sprung from the Latin plays by Churchmen in the 10th century
- ❑ Represented Biblical subjects
- ❑ It took four centuries for development
- ❑ Started first in churches, later in churchyards
- ❑ Mounted on a wagon with a curtained scaffolding

Ludus de Sancta
Katharina
(earliest Miracle
in England,
1110)
*Miracles de
Notre Dame*

Morality play

- ❑ Allegorical drama popular in 15th and 16th century Europe
- ❑ Allegory in dramatic form, origin in sermon literature
- ❑ Abstract human qualities
- ❑ End in the triumph of virtue
- ❑ *Everyman* –The most talked of morality play
- ❑ It depicts the summoning of every man by Death
- ❑ It was somewhere between the transition from liturgical drama and secular professional drama

Other Virtues and
Vices

Some of the initiatives:

Public Speaking and Religion

- Every established religion today exists because of the way its preachers addressed and influenced the minds of the masses.
- Be it Prophet or Jesus, Guru Nanak or Buddha- all of them delivered sermons (a form of public speaking) which later were documented and became the holy scriptures of the religion that they propagated.

Buddha's first sermon

“The Noble Truth of suffering (Dukkha) is this: Birth is suffering; aging is suffering; sickness is suffering; death is suffering; sorrow and lamentation, pain, grief, and despair are suffering; association with the unpleasant is suffering; dissociation from the pleasant is suffering; not to get what one wants is suffering – in brief, the five aggregates of attachment are suffering.” (Rahula)

This Photo by Unknown Author is licensed under CC BY-SA

Excerpt from Gita

इन्द्रियाणि मनो बुद्धिरस्याधिष्ठानमुच्यते ।
एतैर्विमोहयत्येष ज्ञानमावृत्य देहिनम् ॥ ४० ॥

Translation: (Lord Shri Krishna in these lines tells Arjuna about desire.)
Our senses, mind and intellect act as the breeding ground for desire.
They cloud one's knowledge and delude the embodied soul.

“God, that all-powerful Creator of nature and architect of the world, has impressed man with no character so proper to distinguish him from other animals, as by the faculty of speech.”

~ QUINTILIAN

Public Speaking

Lecture 19- Forms and Stages of Public Speaking Part-II

Prof. Binod Mishra

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

All the world's a stage,
And all the men and women merely players;
They have their exits and their entrances,
And one man in his time plays many parts,
His acts being seven ages.
-Shakespeare

This Photo by Unknown Author is licensed under [CC BY-SA](#)

Public Speaking and Stages

- ❑ Stages have always been a site of persuasion.
- ❑ Since ancient times, stages were the only platform of instruction wrapped in entertainment.
- ❑ Through the medium of entertainment, the intended message reaches the common masses.

[This Photo](#) by Unknown Author is licensed under [CC BY-SA](#)

Soliloquy

- ❑ According to Merriam-Webster, a soliloquy is “a long, usually serious spoken discourse that a character in a play delivers to an audience and that reveals the character's thoughts.”
- ❑ It is a literary device.
- ❑ Its purpose is to channel the inner thoughts and feelings of the character for the audience.
- ❑ This provides insight into a character's emotions and reflections.

Example of Soliloquy

To be, or not to be—that is the question:
Whether 'tis nobler in the mind to suffer
The slings and arrows of outrageous
fortune
Or to take arms against a sea of troubles
And by opposing end them. To die, to
sleep—
No more—and by a sleep to say we end
The heartache, and the thousand natural
shocks

That flesh is heir to. 'Tis a consummation
Devoutly to be wished. To die, to sleep—
To sleep—perchance to dream: ay, there's
the rub,
For in that sleep of death what dreams
may come
When we have shuffled off this mortal
coil,
Must give us pause.
- Shakespeare (*Hamlet* Act 3, Scene 1)

[This Photo](#)

used under [CC BY-NC](#)

Monologue

- ❑ Monologue word, derived from the Greek monos ("single") and legein ("to speak"), is a speech given by a single person to an audience.
- ❑ According to Encyclopedia Britannica, “monologue, in literature and drama, an extended speech by one person. The term has several closely related meanings.”
- ❑ A dramatic monologue is any speech of some duration addressed by a character to a second person.”

Example of Monologue

'But soft, what light through yonder window breaks?

It is the east and Juliet is the sun!

Arise, fair sun, and kill the envious moon,

Who is already sick and pale with grief

That thou her maid art far more fair than she.

Be not her maid, since she is envious;

Her vestal livery is but sick and

green,

And none but fools do wear it. Cast it off.

It is my lady, O, it is my love!

O that she knew she were!

She speaks, yet she says nothing;
what of that?

Her eye discourses, I will answer it.

-Shakespeare in *Romeo and Juliet*

Example of Dramatic Monologue

Be sure I looked up at her eyes
Happy and proud; at last I knew
Porphyria worshipped me; surprise
Made my heart swell, and still it
grew
While I debated what to do.
That moment she was mine, mine,
fair,

Perfectly pure and good: I found
A thing to do, and all her hair
In one long yellow string I wound
Three times her little throat around,
And strangled her. No pain felt she;
I am quite sure she felt no pain.

- Robert Browning in *Porphyria's
Lover*

From Barack Obama's Inaugural Address

- My fellow citizens: I stand here today humbled by the task before us, grateful for the trust you have bestowed, mindful of the sacrifices borne by our ancestors. I thank President Bush for his service to our nation, as well as the generosity and cooperation he has shown throughout this transition.
- Forty-four Americans have now taken the presidential oath. The words have been spoken during rising tides of prosperity and the still waters of peace. Yet, every so often the oath is taken amidst gathering clouds and raging storms. At these moments, America has carried on not simply because of the skill or vision of those in high office, but because We the People have remained faithful to the ideals of our forbearers, and true to our founding documents.....
- In reaffirming the greatness of our nation, we understand that greatness is never a given. It must be earned. Our journey has never been one of short-cuts or settling for less. It has not been the path for the faint-hearted — for those who prefer leisure over work, or seek only the pleasures of riches and fame. Rather, it has been the risk takers, the doers, the makers of things — some celebrated but more often men and women obscure in their labor, who have carried us up the long, rugged path towards prosperity and freedom.

(Source:<http://content.time.com/time/politics/article/0,8599,1872715,00.html>)

Dramatic Monologue

- Dramatic monologue is a poem written in the form of a speech of an individual character. It comprises the narrator's sense of her/his story and is a remarkable psychological insight into her/his character.
- It was extensively used by Victorian poet Robert Browning.
- Examples are *My Last Duchess*, *Porphyria's Lover*, etc

Robert Browning

[This Photo](#) by Unknown Author is licensed under [CC BY](#)

Soliloquy vs. Monologue

Soliloquy	Monologue
• When a person delivers a speech with no audience on stage. • The only audience is in the theatres watching the play. • Only one character is present on stage. • In Soliloquy, character's innermost thoughts, beliefs, motives are clearly brought forth.	• When a person delivers a speech to another person or the whole audience. • There is an audience in the play as well as in the theatre. • More than one character is present. • In a Monologue, the character speaks to express not to engage in any conversation.

Aside

- ❖ An aside is a dramatic and literary device used for acquainting the audience with the character's thoughts. It is a common device used in literature and media and can provide essential context for scenes without disrupting the narrative. For example,

King: But now, my cousin Hamlet, and my son—

Hamlet: [Aside] A little more than kin, and less than kind.

King: How is it that the clouds still hang on you? (Shakespeare, Hamlet Act 1, Scene 2)

Dialogue

- This is the most common technique of dramatic speech as well as everyday communication.
- According to Merriam-Webster, dialogue is “the conversational element of literary or dramatic composition”.

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Muhammad: I couldn't bear the walls any more. When I came here I felt I needed an audience--- someone to confess my self-pity to. You were asleep?

Barani: No, Your Majesty. I was reading a book by Imam Abu Hanifa.

Muhammad: Fortunate! You can read when you don't feel sleepy. I can't sleep. I can't read. Even Rumi, who once used to transport me , has become simply a web of words. Do you know, five years ago I actually used to pray to God not to send me any sleep? I can't believe it now. (Tughlaq, Scene VIII)

Activism and Public Speaking

- Activism is “the doctrine or practice of vigorous action or involvement as a means of achieving political or other goals, sometimes by demonstrations, protests, etc.”(Dictionary)
- According to Merriam-Webster, an activist is the “one who advocates or practices activism: a person who uses or supports strong actions (such as public protests) in support of or opposition to one side of a controversial issue.”
- Public speaking is an essential component of activism which can be divided into five types.

Activism and its type

Demonstrations and protests

Boycott

Strikes

Letter writing and petitions

Social Media Campaigns

Importance of Forms and Stages

- ✓ Boosts one's self-confidence
- ✓ Helps in rehearsing one's talk and presentations
- ✓ Exposes a speaker to speak in different circumstances/occasions
- ✓ Enhances effective use of language
- ✓ Prepares a speaker to face varied audience groups

Lecture 20- Classroom Interaction

Prof. Binod Mishra

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

Classroom: Initial Site of Learning

- ❑ Classroom is not only about teaching but learning too.
- ❑ There should be teacher-student as well as student-student communication in order to attain growth and exposure.
- ❑ It is the first institution outside home that plays a vital role in shaping an individual's personality.

Teacher's Role: Challenges and Changes

- ❖ Since students are required to actively participate in the classroom unlike in earlier times when they were only listeners, it becomes the job of the teacher to make it possible.
- ❖ Teachers are required to avail learning experiences that invoke a quest for knowledge, capture curiosity, trigger imagination, and interest.
- ❖ Teachers are also required to allow students to set goals, solve problems, and make choices in terms of their learning.
- ❖ With the change in lifestyle and experiences, and students belonging to a choice-driven, consumer-oriented society, challenge teachers' knowledge, and authority.

Herbart's Class Teaching Theory

Dewey's Philosophy of Education

- American educator and philosopher John Dewey in the 20th century propounded "child-centered theory" and emphasized democracy in education: "Since in the democratic society we think there is no external authority influence, it must use the voluntary disposition and interest to replace it; and the voluntary tendency and interest can only be formed through education " (Dewey, 2001)
- Dewey's philosophy of education highlights the importance of imagination to drive thinking and learning forward, and for teachers to provide opportunities for students to suspend judgement, engage in the playful consideration of possibilities, and explore doubtful possibilities. (Hargraves)

Classroom Interaction In Philosophy

(Keqing Chai, The Principles
and the Ways of Classroom
Interaction)

Teacher-centered Stage

Student-centered Stage

Dual –Subject Stage

The Stage of
Intersubjectivity

Teacher-centered Stage

- ❖ The traditional classroom teaching complies with Herbart's 'class teaching' theory.
- ❖ European classroom arrangement with teacher's desk stationed right at the front of the classroom.
- ❖ Neat arrangement of rows for the students.
- ❖ Teacher speaks and students ardently listen and take notes.
- ❖ Teacher is vested with power, knowledge, and authority.
- ❖ Students are always on the receiving end.
- ❖ There are a handful of classroom interactive activities.
- ❖ No freedom or rights for students.

Student-centered Stage

- With Dewey's "child-centered theory" in the 20th century, the emphasis shifted to the needs of children and their growth in classroom teaching.
- Teacher's role shrunk.
- There was a radical shift from one end to another.
- According to Tao Xingzhi, a student of Dewey, "Democracy and education is to teach people to be the master, to be their own masters, be the masters of the country, to be the masters of the world." (East China Normal University, 1989)
- However, teacher's full potential was not utilized because of the lop-sidedness of the theory.

Dual Subject Stage

- With the ineffective teacher-centered and student-centered approaches, a shift was observed where teachers, as well as students, became the subject of education.
- The implementation, however, retained the previous fallacy- the imbalance of power.
- Role of the teacher always asserted more authority over the students.
- Very little agency was left with the students in this set-up.

The Stage of Subjectivity

- The communication theory is heavily dependent on its fundamental tenet- **intersubjectivity**- in the 20th century.
- In this, "teachers and students reach an understanding and agreement for the purpose through communication. It is mainly through mutual communication and coordination of social conformity to reach an understanding, the formation of non forced consciousness." (Zhaoli, 2000)
- There is democratic communication between teacher and student through mutual understanding.
- In this, there is no opposite end but all on the same side- booth teacher and student.

Principles of Classroom Interaction pertaining to Intersubjectivity

Principles of
democracy,
equality and
interaction

Listening and
understanding

Dialogue

Reaching a
consensus as the
goal

Principles of Democracy, Equality and Interaction

- Only when the teachers and students are willing to be democratic and be a subject and regard each other as the subject, the relationship between teachers and students becomes the relationship of intersubjectivity and the relationship of democracy (Wenwu 2009).
- The basic principle of the classroom comprises equality and democracy.
- Teacher, in this interaction, cannot impose or force students on anything.
- Students cease to be the education customers.

Listening and Understanding

- ❖ Mutual understanding is as essential as equality and democracy in the interaction between teacher and student.
- ❖ The relevance of listening during interaction cannot be undermined.
- ❖ It is a two-way communication- both the teacher and student need to listen and be empathetic.
- ❖ Students should not be absent-minded during the interaction.
- ❖ Long term efforts are required to attain desired communication goals.

Dialogue

- A decisive role is played by the social environment when it comes to the process of teaching and learning.
- How the information is being transmitted has an upper hand.
- Education mode has to be focused on teaching material and education content.
- Democratic communication should exist between teacher and student through the medium of sincere dialogue.

Reaching a Consensus as The Goal

- ❑ Classroom interaction does not consist of uninterrupted dialogue and negotiation alone.
- ❑ Like mentioned earlier, it comprises interaction from the ends.
- ❑ The interaction has to unhinge itself from the narrowed fusion and register itself to the new horizon.
- ❑ Teaching has to be participatory.

Ways of Classroom Interaction

Organizing quizzes between Teacher-student/
Student-student

Keeping an eye on students' real needs of
learning

Taking care of the emotional needs of the
students

Multiple rounds of dialogues on a regular basis

Being sensitive about the student's real-life and
future career goals

Promote the participation of students in decision
making
